

April 2, 2020

Hey!" to all you parents who are helping your kids (possibly) even more than usual with their schooling!

We're glad you're committed to teaching your children and excited that you want to include the Bible in their curriculum. Very soon you should have the books for kid(s) and the *Reflections: The Audio Experience* flash drive.

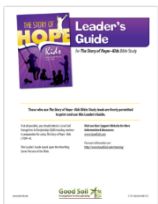

Here's what we plan to do:

On Monday, April 6<sup>th</sup>, I'll do my first Facebook Live session with everyone. Then, to make your first week a little easier, I'll come on again on Wednesday, April 8<sup>th</sup>. Every Wednesday after that will be another live session. If your kids can't be at the live session, they will be able to watch later just by going to the church's Facebook page. The purpose for those sessions is to . . .

- Have me lead the Bible session for the day—giving you a break that day!
- Give a preview of what the kids will be covering that week.
- Keep a familiar face from church before the kids/keep the social contact while social distancing.
- We hope that the session will be an encouragement to you parents, as well!

Every other weekday you will want to lead your child(ren) through the session which means we will cover 5 Bible events from *The Story of Hope Kids* each week. This will *not* be rocket science! And you will have one of two tools to assist you. Depending on the time you want to put into the preparation and the amount of time you plan for the class each day, you can download (for free!) one or both of the following:

- Adventures in the Story of Hope (material for 40-90 minutes/ session!)
- Leader's Guide to The Story of Hope Kids (15 minutes per session)

During my weekly session I will be using material from both Guides with the objective of not taking more than 25 minutes. However, we can also answer questions and take longer.

I'll model the use of *The Audio Experience* next Monday and Wednesday, but you can use it to listen to Bible story before you answer the questions in the book or after. Either way, always be sure they read the Bible verses to answer the questions. On the following pages is a guide for using *The Audio Experience*. There is also a coloring book you can download for free.

Here are the links for what I shared above:

Leader's Guide TSOH Kids <https://www.goodsoil.com/resources/the-story-of-hope-kids-leaders-guide/>

Adventures in the Story of Hope <https://www.goodsoil.com/resources/adventures-in-the-story-of-hope/>

## **Guide for Using Reflections The Audio Experience with The Story of Hope Kids**

*Reflections the Audio Experience* has an introduction, conclusion, and 100 Bible stories/events and correlates directly with the 100 events in the book *Reflections from God's Story of Hope*. The graph below indicates which of the 102 recordings are to be used with which lessons in *The Story of Hope Kids*. If they "extra" tracks are skipped, the students will still be able to follow the story well. However, if desired, you might play the "in between" tracks of *The Audio Experience* in the proper place in between the recordings and lesson/event numbers of the book, thereby affording a telling of the entire story. They can be used as mealtime or bedtime stories and fill in the students' understanding.

<b>Soundtrack from The Audio Experience</b>	<b>Lesson Number from TSOH Kids</b>
000 Real People Places Time	Used during introductory session.
001_OT-01 The Eternal God	Lesson 1 The Eternal God
